Research Roadmap iSFOR

	2018-2022	2022-2025	2026-2028	
Smart ICT	• Network management System • Network Topology • Concept Electronics and IT Embedded System	• LORA Systems • LORA mesh for IT Systems • LORA for Smart Systems	• ICT for Industrial Automation • Integrated Data Transaction	
IoT Applications	• IoT systems • Sensors for IoT Systems	• IoT for urban farming • IoT for freshwater fish • Smart Home • IoT for Power Electric Distribution	• Smart City • Smart Ecosystem • Smart monitoring Systems	**Smart Technology System**
Data Science & Analytics	• Decision Support System • Classification System • Prediction System • Cluster Analysis	• Big Data Analysis • Natural Language Processing • Image Processing	• Voice Command Technology • Land & Building Mapping • Intelligence System • Integrated Information System: Trends & Predictiction	
Business Management	• Digital Marketing • Micro Commerce Management • Digital Tax Management	• Governance Fiscal Independency • Comercial Port Management System • Document Archiving Management	• Customer Relation Management System • Supply Chain Management • Analytic of Documents Archiving
